RECORD BOND VOTE LIKELY TUESDAY

HEAD-ON COLLISION aftermath is inspected by Palm Springs Officer Bill Madsen, center, who quizzes a witness. Car at left, carrying Mr. and Mrs. Robert M. Ryburn, of Los Angeles, was attempting to pass when it ran into truck, right background, flipping it into air. Mr. and Mrs. Isiah Roberts, of Banning, were not seriously injured. Mr. and Mrs. Ryburn remain in critical condition in Desert Hospital. (Desert Sun Photo).

Banning and L.A. Couples are Victims

Collision Occurs In One Driver's Attempt to Pass

A Los Angeles couple driving south and Banning couple who work in the Village driving north yesterday evening crashed head-on just inside the Palm Springs northern boundary. All four were injured, two critically.

The victims are Mr. and Mrs. Isiah Roberts, of Banning, and Mr. and Mrs. Robert M. Ryburn, of Los Angeles.

Surgeons worked more than six hours treating Mr. and Mrs. Ryburn. The attending physician called in a neurosurgeon from San Bernardino to assist.

Most seriously injured was Mrs. Ryburn, who suffered a deep cut behind the left ear, and a fracture across the top of her head to the right temple. The wound required nearly 100 stitches. She also suffered multiple cuts, bruises, and other fractures.

Ryburn's shoulder apparently was crushed. Four ribs and an arm were fractured, with consequent internal injuries in the abdominal area. His condition is considered serious.

CALIFORNIA HIGHWAY Patrol Investigators Capt. F. F. Simmons of Riverside, and Harold Simpson, of Banning, said the collision occurred when the Ryburn auto attempted to pass, saw the Roberts pickup truck, and applied the brakes to get back into its lane. Brake marks on Highway 111, near the Whitewater railroad depot indicated the Roberts vehicle was struck, overturned, and sent rolling into the sand alongside the road.

Mr. and Mrs. Roberts were treated for superficial injuries. Mrs. Roberts suffered shock, and cuts on the face. They were released from Desert Hospital following emergency treatment.

The injured parties were given first-aid by Frank Foutz, vacationing Long Beach traffic policeman.

Palm Springs is no longer one man's playground or recreation center.

It is no longer the private playground or recreation center of any special pressure group wielding a cudgel of financial or social prestige.

Palm Springs today belongs to the people who live here—and to the entire nation.

Palm Springs has been discovered by the world.

We must have improvements in facilities such as recreation, sewer system and flood control. We cannot permit the runway of our municipal airport to be slashed in half, prohibiting safe landing of transcontinental aircraft in this jet-air age.

Most important of all we need a municipal golf course!

To maintain its reputation as the "Winter Golf Capital of the World," Palm Springs must have a municipal golf course for its thousands of residents and vacationists. Golf for the man of average means will attract thousands.

This course must be the best possible golf course in the best possible location; and built on the best possible advice.

THE SEWER SYSTEM — No one can say when our underground water supply may be endangered through septic tank saturation due to the rapid growth of Palm Springs. Let's not gamble!

THE AIRPORT — Federal financing would be available for our airport if we owned the land. We will not unless we vote for the bonds.

PALM TREES AND LIGHTING — Widening of South Palm Canyon Drive starts in May. This is the economical time to plant palm trees on South Palm Canyon Drive. Safety demands that additional lighting on Indian Avenue be installed.

MCCALLUM WAY — This thoroughfare is vital to relieve downtown traffic congestion for easy access to the fast growing eastern section of Palm Springs and as a direct route to the Palm Springs Airport and City Hall.

DEMUTH PARK — A "must" beautification for Palm Springs to enjoy forever and a good financial investment.

TACHEVAH FLOOD CONTROL — Here the need is simple and dramatical-

ly evident. This project will eliminate Palm Springs' number one flood hazard.

Every community must either wither or grow; there can be no permanent, delightful status quo.

For a city to wither, its citizenry has only to sit on its hands, dream of the past and go blind to the demands of the future.

For a city to grow as Palm Springs should grow, its citizenry has only to plan wisely through its leaders for the future, then manifest a willingness to pay the bill. Palm Springs has so planned through its City Council via public hearings. Now its citizens must say whether they will accept the financial consequences.

Compared to other communities in California, Palm Springs is exceptionally well off in its tax load. Stated another way, it can afford better than many to increase its tax burden for a promising, remunerative future.

Palm Springs' present tax rate per \$100 of assessed valuation is \$1.28. The average of all California communities is \$1.36. Many are well above \$2 — to a top of \$2.78. If all the proposed bonds were issued and sold simultaneously — which they will not be — it would add only 71 cents to the Palm Springs rate, for a total of \$1.99.

In a mere 15 years, the Village's spectacular growth has skyrocketed assessed valuations from \$6,000,000 in 1941 to \$38,118,170 now — a six-fold increase. Can any realist doubt the Village's impending growth will so continue that valuation climb as to assure the bonds' cost to the individual property owner will be much less than the maximum 71 cents?

Tuesday Palm Springs voters will choose between progress and decay. An overwhelming turnout for the former is urgent; crucial.

Passage requires a two-thirds majority. Two "yes" votes must be cast for every "no," else the issue is defeated. In effect, a minority of short-sighted Villagers can control the future of the progressive, optimistic majority.

THAT MUST NOT HAPPEN!

Poll Places to be Open from 7 to 7

Issues Reach New High in Public Interest

Interest in the \$3,555,000 bond election Tuesday has accelerated to such a point that veteran political observers believe that a new voting record may be established in the Village.

Various groups have taken sides pro and con concerning the seven proposals, with no organization coming out against all projects. Many have endorsed the entire issue.

The polls will be open from 7 a.m. to 7 p.m., at the following places: Katherine Finch School, Boys Club, Frances Stevens School, John Williams Building, Cahulla School, and the clubhouse at the Polo Grounds.

CITY MANAGER R. W. Peterson, who with city council has spent many hours in the preparation of the bond election and items, today urged all registered voters to express their opinions at the polls.

"We want as large a vote as possible to be cast," he said. "Regardless of how you vote, cast your ballot. We want to know how the people feel about each item."

Each proposal will be presented separately to the voters for approval or denial. Approval requires a two-thirds majority.

All facets of the different items have been presented to the voters through this newspaper and by appearances of city councilmen and city officials at meetings of nearly every service club or civic group in the Village.

A SPECIAL CITIZENS Fact-Finding Committee has investigated every phase of the proposals, and submitted reports to the people without recommendation.

Most of the interest has centered around the two items which account for more than \$2,600,000 of the \$3,555,000 bond election. They are the sewerage system expansion, \$1,870,000, which would provide a new plant and extension of trunk lines throughout the entire city, and the municipal golf course land acquisition and development, \$750,000.

Both items have been cited by many civic leaders and groups as essential to the future growth and development of Palm Springs, with the opposition to each centering around the Home Owners League.

Other items to be voted upon are:

Acquisition of DeMuth Park, \$125,000; acquisition of the airport

County Offices Criticized in Probation Case

San Jacinto's Chief of Police Ralph Meeks today criticized the district attorney's office and the county probation department for their handling of the case of an 18-year-old Palm Springs youth, who currently is being held in Russellville, Arkansas, on charges of burglary and assault.

Chief Meeks said that the two groups disregarded his filing of a charge of burglary against the youth, and recommended probation, saying that the San Jacinto Police department did not wish to press charges. This was not true, the chief said.

The youth had been taken into custody a week after the locker room of the San Jacinto High school stadium was burglarized during a football game. At the time he was under probationary sentence for robbery of the Cathedral City Market.

Dismissal of charges, such as occurred in this case, is contributing to a lot of crimes in Riverside county, Chief Meeks said.

FURTHERANCE AND COMFORT OF LIFE IN

Shack, Shanty and Cabin Not approved by Good House-keeping

In building a shack, put your open fireplace in the corner—so's when you burn long logs, the logs will lay along the wall and you won't stumble over them — saves a lot of woodcutting.

Rubbing pots and pans with garlic will get rid of the smell of fish.

Paint your furniture a light color, makes it easy to see and swat flies.

When your Desert Water Bag (the Desert Rat's Best Friend) gets to makin' the water taste like an old dish rag—Why just fill her with salt water for a day or so.

The modern idea of roughing it is to have no radio in the shanty.

If your shack is in the desert and you pack in your water — put in two Tamarisk sticks, water them with waste water, running it through a keg of ashes and you have yourself trees.

Was reading in an old, old cookbook: "When toast is burned, do not scrape with a knife — rub across a grater." Your columnist has got a better idea of what to do with it! (Out the window.)

Hotels Offer Rides to Polls

Persons requiring transportation to the polls Tuesday are asked to call 9151, and a car will transport voters to and from their voting places.

This is a service being offered by the Palm Springs Hotel and Apartment Association.

"Vote as you wish, but vote," was the appeal of President Adele Colgan.

Village Busboy Gets 50 Years

Albert Aguilar, 28-year-old Palm Springs busboy, yesterday was sentenced to not more than 50 years in a California penitentiary as a result of his plea of guilty Jan. 26 to a charge he criminally assaulted a 52-year-old Long Beach widow in a hotel here Christmas Day.

Aguilar, who appeared in Judge Hilton McCabe's Riverside County Superior Court at Indio, will be taken to the transfer depot at Chino for tests to determine what type of penitentiary he will serve his sentence in.

He was said to have had a pass-key to the rooms of the hotel, and entered the room of the visitor while she was sleeping.

The law prescribes a sentence of not more than 50 years, with no minimum time stipulated.

Progress Seen in WAL Dispute

LOS ANGELES — National Mediator Leverett Edwards today said "a lot" of progress has been made toward reaching agreement with one of three unions involved in disputes with strikebound Western Air Lines.

Edwards said joint negotiations between the Air Lines Pilots Association and Western were recessed yesterday after both parties agreed on "major" issues.

Hotel Group Endorses All Bond Proposals

All proposals in the \$3,555,000 bond election on February 14 have been endorsed by the Palm Springs Hotel and Apartment Association, Adele Colgan, president, announced today.

Special emphasis of support was placed on the municipal golf course proposal, which includes the acquisition of land for, and construction of a municipal course.

In its approval, association directors said that Palm Springs "is the only resort of consequence which does not have a municipal golf course to offer its visitors and residents who cannot afford to belong to a private club."

Present at the meeting to discuss the bond issue was Councilwoman Ruth Hardy.

90 Days for 2 in Battery Case

Two Palm Springs youth, one a 21-year-old television technician, the other an 18-year-old laundry checker, were each sentenced to 90 days in county jail after they pleaded guilty to charges of battery this afternoon before Judge Eugene Theriault's Palm Springs Municipal District Court.

In each case, 90 days of the sentences were suspended with the provisions that no crimes are committed during the remainder of the period.

The older boy, James Dunham Barber, with the 18-year-old and three other minors, allegedly pulled John Krysiak, 38, of 562 Calle Ajo, from his car at the corner of Andreas Road and Indian Avenue about 8:15 p.m. yesterday.

Krysiak, who was alone in his car, said the five youths would not move from the crosswalk to let him drive onto Indian Avenue. Krysiak was treated at Desert Hospital for cuts and bruises about the head and shoulders. They were considered minor injuries.

Two of the other minors were remanded to the custody of their parents. The other was not apprehended by police, who arrived after the fight stopped.

New Meat Bird Called 'Pheaskin'

CHICAGO — An Illinois farmer reports he has crossed a pheasant and a chicken into a new meat bird he calls the "pheaskin."

The bird is being raised on the Hawthorn-Melody farms near Libertyville, north of Chicago.

The bird is a cross between a ring-necked cock pheasant and a Cornish hen. Full-grown, it weighs about five pounds.

The advantage of the cross over plain chickens is said to be "more breast and white meat on the legs," plus a pheasant flavor.

EVERY JOB IN PALM SPRINGS
DEPENDS ON ATTRACTING TOURISTS HERE!**

A Municipal Golf Course is This Community's Greatest Need

As the Winter Golf Capital of the United States, Palm Springs will attract more tourists and keep them here longer. A Municipal Course with moderate greens fee and adequate facilities will make it possible for hundreds of visitors to enjoy their favorite pastime who are unable to get on the existing courses.

Since it will create prosperity for the entire community the proposed course should be paid for by public funds. Communities seeking industrial development provide money from tax funds to attract that kind of de-

velopment. Since recreation is this resort's only appropriate industry it is just as reasonable that we should build it with local tax funds and attract more visitors.

A vote "YES" for the Municipal Golf Course is a vote for the future prosperity of Palm Springs. The City Council needs your approval to negotiate for a site before prices of land go any higher. It will take some time before the land can be bought and the course built.

The time to act is right now . . .

VOTE "YES" ON THE MUNICIPAL GOLF COURSE NEXT TUESDAY!

EDITOR'S CORNER

Seven Steps to Prosperity

By OLIVER B. JAYNES

Every voter in Palm Springs should take the short time required to vote at the City Bond Election next Tuesday. All of the measures are improvements designed to provide needs of this growing community and insure its future prosperity. For this reason every citizen has a stake in them. It will require two-thirds of those voting at this election to adopt each of the seven proposals, which are voted on separately.

The City Council is submitting the seven capital improvements to the voters after a careful study of each and believes that residents should be given the opportunity of passing on the projects which have been under consideration for some time. They will all be paid for over a period of 20 years, except the Sewer bonds which will run for 25 years. In the case of the Airport, Golf Course, DeMuth Park and the McCallum Way right-of-way through Section 14, the City Council will have to negotiate for the purchase of Indian land. This may take considerable time so a start should be made soon in order to have the improvements in the next few years.

A brief explanation of the seven proposals and The Desert Sun's recommendation, together with the reasons follow below:

No. 1—SEWER SYSTEM \$1,870,000

This city's sewer system is confined largely to the business district, most homes and hotels using septic tanks and cesspools. For sanitary reasons the growth of the city indicates a definite need for sewer service for the entire community. This bond issue would provide for main trunk lines and expanded plant facilities. Lateral lines and maintenance of the plant would be financed by revenue bonds (estimated \$1,400,000) which a majority of the voters would have to approve at a subsequent election.

The need for a sewer system for the entire city is recognized by almost everyone. It is not wise to put off this vital sanitary facility any longer. The only opposition to this bond issue is by those who believe the system should be financed entirely by assessment against the property served. After giving considerable study to the methods, however, the City Council believes the proposed plan is the best one. Recommended vote: YES.

No. 2—MUNICIPAL GOLF COURSE \$750,000

This issue would finance the purchase of land (about 125 acres) for the construction of a municipal golf course for the City of Palm Springs. Estimated cost of the construction of the course and facilities. The location is not stated because the city could not negotiate for the purchase of land until the money is assured through land is \$400,000, with \$350,000 for the passage of this bond issue, which will take a year or more. Bonds would not be sold until the land purchase is negotiated.

This proposed municipal golf course is this city's most needed recreational facility. As indicated above, the course could not likely be opened for about two years. Such a course with moderate green fees would be well patronized by visitors and regular residents as well. The course should be self-sustaining within two years. A municipal golf course would not only attract more visitors but keep them here for extra days. Recommended vote: YES.

No. 3—DE MUTH PARK ACQUISITION \$125,000

This is the triangular piece of land bounded by South Palm Canyon, Indian Avenue and Ramon Road, now developed as a city park. It is allotted Indian land leased by the city. The lease expires in one year.

The city has \$25,000 on deposit in the fund donated for this park. The appraised value of the land is \$150,000. The \$25,000 on hand would reduce the estimated cost to \$125,000 proposed. If not bought by the city this land will likely be sold for business development. This little park is a real beauty spot in the business area, is very popular with visitors and should be acquired before it is forever lost as a "downtown" park. Recommended vote: YES.

No. 4—AIRPORT LAND ACQUISITION \$400,000

The city proposes to buy the one square mile (Section 18) of land now occupied by the airport. The city is paying \$640 a year for this leased Indian land and still has about ten years to go on the lease.

While it might seem that there is no need for the city to be in a hurry about acquiring the airport land, there are two important reasons why the City Council thought that the matter should be put up to the voters right away. 1.) Negotiations should be started soon in order to buy the land at a reasonable price. Its cost might be almost prohibitive in five or ten years. 2.) The city can qualify for Federal aid money up to 54% of the cost of needed improvements if the land is owned, which is not now obtainable because the land is leased. With everything pointing to vastly improved air service for this community this excellent airport will become increasingly important and valuable to Palm Springs as the city grows. Now is the time to buy the land and the City Council should be authorized to proceed with negotiations without further delay. Recommended vote: YES.

No. 5—BEAUTIFICATION OF SO. PALM CANYON DR. & INDIAN AVE. LIGHTING \$155,000

This issue would finance the extension of lighted palms on South Palm Canyon from DeMuth Park to a short distance beyond the Highway 111 turn, which will be widened and paved this summer with state funds. Also included in this issue are funds for street lighting along Indian Avenue between Ramon Road and Tachevah.

Street lighting of Indian Avenue, which now carries more traffic than Palm Canyon, is a much needed safety improvement. The lighted palms should, by all means, be installed on South Palm Canyon Drive while the street is being widened this summer. The trees would be lighted like those already installed but would not be placed quite so close together. The city plans to extend this program out North Palm Canyon Drive and will set aside necessary funds for the purpose from sales tax revenues. The plan is to do this when North Palm Canyon Drive is improved with state funds like the South end. Recommended vote: YES.

No. 6—MCCALLUM WAY IMPROVEMENT \$155,000

This issue would provide funds for the opening of McCallum Way through Section 14 (Indian land) and pave the street to a width of 60 feet from Indian Avenue to the Airport.

Here is by far the most badly needed street in Palm Springs because we do not now have a main thoroughfare running East and West into the central business area. This bond issue would pay for construction only, because the city contemplates that the right-of-way across Section 14 would be donated by the Indian land owners. It is understood that the City Council would not authorize the improvement of McCallum Way until the right of way across the reservation is obtained and the street improved in its entire length at one time. This is a vitally needed street and the voters should approve this issue. Recommended vote: YES.

No. 7—TACHEVAH FLOOD CONTROL \$100,000

This is a joint project for the completion by the Riverside County Flood Control District and the City of Palm Springs for control of storm waters from Tachevah Canyon.

This elimination of the flood control hazard in the center of the city should be overwhelmingly approved because: 1.) It would eliminate a serious flood control condition that still exists in the city. 2.) By providing a catch basin above the city would also eliminate the spilling of these storm waters over Section 14. 3.) The improvement would permit the proper planning and development of needed streets in the area which have been neglected because of the flood condition. Recommended vote: YES.

BE SURE YOU VOTE!

It's forward or backward. We cannot be static. On Tuesday, remember. To make it emphatic.

This is the last call for election, the last issue of The Desert Sun before February 14, Tuesday, the day of the bond election. Think it over carefully. For what you and your fellow-Villagers decide that day will decide the continued, steady, orderly growth of Palm Springs.

And remember, too, when you say this is no longer a village, use a small "v".

For this will always be known, affectionately, as "The Village," even when it becomes the biggest city hereabouts.

NEXT WEEK has plenty of important dates.

There's Monday when we observe the birthday of Abraham Lincoln. His anniversary really falls on Sunday, February 12, but to provide the necessary day off for civic workers, it's celebrated on Monday.

Then, of course, there is Tuesday, election day. It's also St. Valentine's Day. And for the church-minded, Shrove Tuesday.

Wednesday is Ash Wednesday, the start of the Lenten season. It's much earlier this year. Easter Sunday falls on April 1 about as early as it can under the decree of the Council of Nicea back in 325 A.D. Under that decree the earliest date possible for Easter is March 22 and the latest April 25.

But, anyway, times have changed since Easter was the unofficial ending of the season. The latter now knows no end.

BOY SCOUT WEEK comes to an end tomorrow. This week marked the 48th year of Scouting. The movement was organized by Lord Baden-Powell in England and has since spread throughout the world.

The local Boy Scout movement is an agency of the Community Chest and a good way to pay your respects to the Scouts is to contribute to the Chest.

Frank Bennett, chairman, said that there is still a long way to go to fill this year's Chest and besides contributing as a tribute to Scouting, there are five other worthy agencies in town which may suffer financially unless you chunk it in and soon.

LOCAL LOUNGES are using bar napkins furnished by the India Date Festival, which starts next Thursday and continues until February 22.

The napkins call attention to that event and everyone who bends an elbow is much aware of it and the dates. Also the date.

That might be a good idea for the Desert Circus. Advertise the event in all of the lounges of the Southland.

With pink elephants, yet.

AND NOW to leave with a bright thought for the weekend. In an Indiana paper I saw the following:

"There is a line on the Pacific where, when you cross it coming this way, you lose a day."

"There is a line on almost every highway where you can do better than that if you cross it."

Letters to the Editor

On February 14th, the property owners of Palm Springs are being subjected to a vote of the people, that may obligate the property in this area for three and one-half million dollars.

The proposal, with its ballyhoo, has a certain odor, similar to the propaganda we have had to endure out of Washington for the many years past, where gravity trains are full, where the politicians vote themselves fifty percent increases in salaries and where we can see thousands of bureaucrats still thinking it is a patriotic task to dig up some new project, upon which they can splash the taxpayer's millions.

Some of these bureaucrats must have stopped off here for a few rounds of golf, because up to this time, the people in this quiet and tranquil village had never been annoyed by all this talk of millions, the general idea of being here was to try to cure that slice and some arthritis pains.

However, since the smoke from the bomb has cleared somewhat, the inhabitants are now beginning to realize that somebody, somehow, must come up with a nice little sum of around a half million once a year to take care of the interest charges and the amortization of the multi-million loan, if the proposal passes.

It is not a very pleasant prospect, because most of the owners come here for the season on account of the snow back home and the first touch of the warm air sends them back again, which makes the trip cost enough as is, without tacking some more taxes on the home that is empty all the time they are gone from here.

Some folks however take a different view of the situation, because they want the hotels filled up the year around, for which they cannot be blamed. They want a larger population and a million dollar golf club to go along with the idea to take care of the crowds, but they fail to realize that there may be a few in the mob with blue prints in the side pockets for some more hotel projects without the twenty five dollar rooms.

Others on the propaganda wagon tell us that any delay on the project now, may mean higher prices later.

Evidently they have never heard of that slogan "As the automobile industry goes, so goes the country" but back in Detroit, the sixty thousand men who were felled last week by the new four day a week schedule, know all about it and they would not take kindly to any such talk of higher prices.

Perhaps if some attention was given to what is transpiring in the other sections of the country, it could mean quite a saving to the taxpayer's in the purchase of pipe and materials.

The proposed idea of spending seven hundred and fifty thousand dollars on a municipal golf course, should come in for some careful thought. Like any new product or idea, it should be proven that it is needed before any large sums are expended. If private capital were to build the club, the first consideration is to purchase the land on an optional basis with a small down payment, then build the first nine holes and a caddy shack.

If the play justified a second nine holes, then the public could come in on the financing, which is as it should be.

It seems that the idea prevails that by the building of a new municipal golf course, the cost of play would be less, but you have only to cross the street to the present municipal (Editor's Note: O'Donnell is a semi-private club) club to find that even with only nine holes and no pretentious club house or other expensive facilities, it is necessary to not only charge a five dollar green fee, but that memberships are sold every year to keep the club going.

With an eighteen hole club, a sumptuous club house, a swimming pool and a constantly changing political appointee to manage it and no memberships to sell, you figure what the fees should be.

Evidently they have never heard of that slogan "As the automobile industry goes, so goes the country" but back in Detroit, the sixty thousand men who were felled last week by the new four day a week schedule, know all about it and they would not take kindly to any such talk of higher prices.

Perhaps if some attention was given to what is transpiring in the other sections of the country, it could mean quite a saving to the taxpayer's in the purchase of pipe and materials.

The proposed idea of spending seven hundred and fifty thousand dollars on a municipal golf course, should come in for some careful thought. Like any new product or idea, it should be proven that it is needed before any large sums are expended. If private capital were to build the club, the first consideration is to purchase the land on an optional basis with a small down payment, then build the first nine holes and a caddy shack.

If the play justified a second nine holes, then the public could come in on the financing, which is as it should be.

It seems that the idea prevails that by the building of a new municipal golf course, the cost of play would be less, but you have only to cross the street to the present municipal (Editor's Note: O'Donnell is a semi-private club) club to find that even with only nine holes and no pretentious club house or other expensive facilities, it is necessary to not only charge a five dollar green fee, but that memberships are sold every year to keep the club going.

With an eighteen hole club, a sumptuous club house, a swimming pool and a constantly changing political appointee to manage it and no memberships to sell, you figure what the fees should be.

Washington—President Eisenhower's top advisors are urging him to delay his decision about running again. They want him to wait at least until next month. Foremost among them is Treasury Secretary George Humphrey, whose views carry more weight than other cabinet members. The Ohioan is strongly counseling the President to take more time in making up his mind. This significant inside development was disclosed by Humphrey himself at a private meeting with Republican congressional leaders. The conference was on the financial aspects of the multi-billion dollar highway bill pending in the House. Humphrey had been a week-end guest at the Gettysburg farm, and the GOP chiefs inquired eagerly about the President's health, comments and possible plans.

When a TV comic slides down the rating ladder to 45th spot on the Trendex and one year later zooms back into 2nd spot, one wants to know what happened—and how. It took more than Red Skelton's determination to keep his electronic career alive. He listened and took advice from those who knew his faults and who knew how to correct them. Which isn't easy for Red—or for any comic, for that matter! But it's paying off big and the old Redhead is the first to give thanks to his producer, director and writers.

Over at MGM Parade they're mulling the possibility of making one called "The M-G-M Career of Greta Garbo," to follow their three segments of "Captains Courageous," which start March 14. . . . One of those rotating star series is in the offing for Joan Fontaine. She will star with two other females in the show—one handling comedy one week, another musicals the next week, and Joan the dramatics the following week.

EARL WILSON:

Makes Jokes—and Money

NEW YORK—George Gobel solemnly maintains that he was approached by one of his fans who told him with tremendous enthusiasm, "Your programs lately have been a wonderful improvement over your first few shows this season."

"Oh, thank you," replied Lonesome George, almost twitching with embarrassment. "Of course," added the fan, "your first few shows this season were real stinkers."

George winced and gulped a little at this candor because, while it's nothing new in these days when everybody's a TV critic, you just don't get accustomed to it. Lonesome George isn't crazy about the rating systems which seem to guide a lot of people's thinking, but you're not going to find Lonesome George attacking them because he might wind up being a lot more lonesome than he is.

"Just suppose," said George, "that an entirely fictitious comedian wanted to say that the rating systems don't know what the hell they're doing."

"Now how would it look if this entirely fictitious comedian got a good rating some week by accident? No, it wouldn't be the shrewdest thing this comedian ever did, would it?"

Crew-cut George seems to be going along very nicely on NBC, not getting in any feuds or battles with anybody, merely making himself rich. Somebody estimated that his take for this year with this and that will be around \$2,000,000.

"We're in business to make money, and you can quote me," George said. "ou don't think it's dangerous to come right out and say that, do you?"

George's big disappointment this year was that the public didn't "buy" his "mother" when he supposedly put her into his act. It was his own idea, too—his and Hal Kantor's. It would be cozy to blame the network, but he can't. One theory advanced by the awfully intelligent people who write columns is that the women in the TV audience like to mother Lonesome George and are jealous of anybody else doing it, even on TV.

George—who'll be 36 on May 20—wishes to take this opportunity, by the way, to deny that he has "writers."

"I have a writer," says George. "He has writers."

THE WEEKEND WINDUP. . . "DON'T PRINT THAT!" A much-publicized socialite, supposedly on the wagon, bruce the servants to spike his orange juice with vodka. . . . An actress who got famous on B'way because of her figure was once told by a H'wood producer, "You have a lousy derriere." . . . One of the "children" on a new hit record is actually in her late 20s. . . . Jane Froman, working at the Waldorf, walked downstairs to the GM Motormama and bought a Caddy. . . . A recent railroad junket of recording stars wound up as long, expensive crap game for some of 'em.

WISH I'D SAID THAT: A chrysanthemum by any other name would be easier to spell.—Charley Jones' Laugh Book. . . . Taffy Tuttle says there was something about her last boy friend she liked—but he spent it all. . . . That's earl brother.

ROBERT S. ALLEN:

Ike Urged to Wait Longer

WASHINGTON—President Eisenhower's top advisors are urging him to delay his decision about running again.

They want him to wait at least until next month. Foremost among them is Treasury Secretary George Humphrey, whose views carry more weight than other cabinet members. The Ohioan is strongly counseling the President to take more time in making up his mind.

This significant inside development was disclosed by Humphrey himself at a private meeting with Republican congressional leaders. The conference was on the financial aspects of the multi-billion dollar highway bill pending in the House. Humphrey had been a week-end guest at the Gettysburg farm, and the GOP chiefs inquired eagerly about the President's health, comments and possible plans.

Following is what Humphrey told them: "The President looks in good health and is getting stronger right along. But he says he still tires quite easily." "The President wants to run for a second term, and will assuredly do so if he can. But he is still undecided." "The cabinet and other inner advisers are urging the President to take his time in making up his mind. Most of the cabinet have let him know they are willing to continue in Washington if he is re-elected."

Humphrey pointedly suggested to the congressional leaders that they discourage efforts to obtain an early declaration from the President.

"I am encouraging the President not to rush his decision," said Humphrey. "I know of no reason why he should. There is plenty of time for him to make up his mind, and he should take it. I've told the President that he should wait at least six months from the date of his attack. I pointed out the additional time will enable him to better judge whether he has the physical capacity to undertake four more years of the strains and pressures of the White House."

Humphrey also reported the President's physicians have prescribed frequent eight-to-ten-day vacations: one every six weeks or so. When Washington's trying summer heat sets in, they want him to go out West or to some other comfortable area.

Throughout Humphrey's talk he gave no hint of his attitude toward other possible candidates. Later when the Treasury head was asked about this, he replied gravely. "The President is my only candidate. He is the only one I think about."

THE SPRING WEBFOOTERS Club luncheon held Thursday at the Pink Plum restaurant in Palm Desert had a record number of visitors from the northwest in attendance. The group, which was formed last November, is made up of residents from Oregon and Washington who visit in the desert during the winter. Pictured above are women who hosted the affair, left to right, Mrs. A. L. Campbell, Grace B. McMin, Mrs. Robert Morey, Beatrice Rasmussen and Winnie Ames. Since the club has grown so tremendously in the past few months, the group decided to hold their March meeting at the Shadow Mountain Club. Mrs. Grace Mahan has invited any northwest residents who have not attended these meetings to join them next month. Reservations for the next meeting may be made by calling Palm Desert 8-5785. Trader Vic and Kainapau Teamed for Fabulous Luau

"An Afternoon in Hawaii" in a fabulous Hawaiian setting, complete with a many-coursed luau supervised by Trader Vic, songs by George Kainapau, Songbird of the Islands, and dancing by Tani Marsh, plus a showing of island fashions, is the all-stellar program to be presented at Hotel the Oasis on February 25.

In a tropical setting, complete in every detail, the luau will be served in the garden and by the pool. Famed Trader Vic will be down from San Francisco to oversee the preparation of the authentic Hawaiian menu.

George Kainapau and his trio, for many seasons a Palm Springs favorite, will make this his only appearance here this Winter and lovely Tani Marsh will dance.

Adding to the glamour will be a Fashion show of original clothes, designed by Nani of Hawaii, presented by the Beachcomber shops, during the luncheon hour.

Due to the popularity of the entertainers, and the exceptional program and luau luncheon, reservations are in great demand and it is suggested that those wishing to attend the "Afternoon in Hawaii" call Oasis Hotel, 2101, immediately for reservations.

United Air Lines is flying orchids from Hawaii for the show; and original menus containing water color paintings of an island scene will be given the luncheon guests.

Kick Off Banquet Tonight

The Committee for United Jewish Appeal, Palm Springs area, will hold its annual Kick-Off Banquet tomorrow evening at 7 o'clock at the Jewish Community Center, with an attendance of around 300 anticipated.

Consul-General of the State of Israel to the 11 Western States, Dr. Abraham Biran, will be honored guest and will discuss the situation in Israel today. Also scheduled to speak is the Honorable William Friedman of New York, New York City tunnel commissioner.

Max Grone, who heads the Committee for United Jewish Appeal, has selected the slogan \$56,000 for '56' and said today that \$25,000 had been raised at the Advance Gifts dinner held at the home of Rabbi Leon Rosenberg.

Mr. and Mrs. Abe Schwartz are co-chairmen for the Sunday, night banquet.

Sorority Has First Meeting

The first regular meeting of the newly-formed Sigma Gamma Chapter of Beta Sigma Phi Sorority was held Tuesday night at the home of Mrs. Fred Hillstrand. It was a social meeting to allow pledges and members to become better acquainted.

The Valentine motif was predominant at the attractive serving table. Misses Constance Emmons and Sue MacKenzie acted as co-hostesses with Mrs. Hillstrand. The next meeting will be held at 2 p. m. on February 21 at the home of Mrs. William Blondin at 1135 Avenida Caballeros.

Dinner Hostess

Mrs. S. S. Hall of Denver and Thunderbird, entertained a few friends at dinner at the Palm Springs Ranch Club on Wednesday evening.

Mrs. Hall's guests were Messrs. and Mmes. Don Wilson, Sam Taylor, Joe Dyer, Mrs. Gates and Mark Craemer.

The Writers Hear Talk by Author

An unusual number of visitors mingled with the members of The Writers, Wednesday night, when they met to hear Frank Scully.

Author Frank Scully spoke on "The Hardships of Selling", a most improbable subject for the writer as prominent and successful as he is. However, Mr. Scully attacked the question with vigor, logic and acumen. His well-known humor peeped through in spots as he gave sage advice for aspiring writers. "Writers should neither be seen nor heard, they should be read." "A good title is a selling asset." "Non fiction is generally more valid and gets a wider and better reading public," were some remarks that members were observed jotting in their notebooks. From Flying Saucers to the reaction of editors, Scully developed his theme to its logical conclusion—publication. After his talk, Isabel Charbonneau, the Lady of Miniatures presented Scully with a book, about the size of a good big acorn, from her miniature collection. This book is leather bound, contains hand written proverbs, and can be easily read with a powerful magnifying glass.

The chairman, Ann Smith, accepted in the name of the organization, a gavel, gift from Mrs. Marguerite Hoover, past chairman.

Mrs. Scully was a guest at the meeting and out-of-town visitors were Miss Margarita Culick from Paris, France, Miss Carol Miller from India, and a Desert Hot Springs contingent consisting of Mr. and Mrs. Everett Stoffer, Mrs. Pervoir, Mrs. Sally Cogshall, Mrs. Gizeila Sawtell, Mrs. Sweet and Mrs. Glover.

An informal reception followed the lecture, when cocoa was served by Mrs. Florence Bacon, refreshment chairman. The next meeting of The Writers will be February 22, the program to be announced later by Mrs. Harriet Farnsworth, chairman for this month.

Dessert Luncheon

The Shrove Tuesday party being given by the Guild of St. Paul's as a fund-raising affair, will be a dessert-luncheon Tuesday, February 14, at 12:30 p. m. at the home of Mrs. Florence Niles at 823 Avenida Palos Verdes.

The affair is open to the public and reservations may be made by calling Mrs. Alma White at 6259. Mrs. G. Carroll Waller is chairman for the party.

Bride-Elect Surprised at Shower

A tea given by Mrs. Duke Bleazard Tuesday afternoon at Sahara Parks clubhouse was a surprise bridal shower for Mrs. Ruth Lannon.

Pink, blue and yellow net, fashioned into a dainty umbrella, centered the tea table, with white flowers complementing the arrangement.

Guests included Mesdames Harriett Wright, Mary Mendson, May Seigler, Ruth Seward, Hazel Mills, Lillie Strickland, Marge Rogers, Drucilla Morgan, Jeannette Storck, Ruth Davis, Beth Holt, Marge Greiner, Genevieve Berge, Mary Lee Smith, Midge Miller, Bubbles Morse, Helen Sumpter, Eileen Hare, Blanche Annunen, Jane Meskel, Sallie Yocum, Tiny Bruner, Virginia Gonzales, Flossie Totten, Elnora Couch, Helen Kotsifas.

Mrs. Lannon and her groom-to-be Floyd Miller are motoring to Las Vegas to be married on Valentine's Day, and will return to make Sahara Park their home.

Stovers Here from Red Bluff for Month's Stay

Arriving Monday for a month's stay at the Desert Inn are Mr. and Mrs. Charles Stover of Red Bluff, California. They will visit with their niece and nephew, Mr. and Mrs. Donald Smith, also of Red Bluff, who have taken a house here for the season.

Stover is chairman of the Red Bluff Bull Auction and president of the Red Bluff Round Up. Each year a Hereford Bull is auctioned off in Red Bluff to raise money for the March of Dimes, and each year the bull is bid in by Charles and Bertha Stover. This has gone on for nine consecutive years and the Stovers have paid out approximately \$23,000 participating in the benefit sales. This year they were presented with a citation from the National Foundation for Infantile Paralysis in recognition of their contributions to the polio campaigns.

The Stovers are here with Mr. and Mrs. Earl McKenzie, whose 100,000 acre ranch is near Red Bluff.

Former Villager Jack McCoy stopped here for a short visit this week en route from his home in San Mateo to the East, where he is going on business.

Dinner Party

The Ray Ewings of Los Angeles entertained the E. A. Kelloways and son Pete, of Portland, Oregon, and Thunderbird, at a mid-week dinner party at the Palm Springs Ranch Club.

Mr. and Mrs. Gardner L. Williams of Minneapolis are guests at the Starlighter for several weeks. Recently the Cal V. Browns entertained the visitors with a dinner party at Shadow Mountain Club. Mr. Williams, a former executive director of J. C. Penney Company, is one of the directors of Barker Brothers.

Margery Foigeman went to Beverly Hills on Wednesday to be the guest of friends and on Friday she attended a special "Guys and Dolls party" at the Sportsman's Lodge. The affair was a "must" for Margery, as she was picked as the most important "Doll" of the party.

P-T Group Will Meet Wednesday

A musical program will feature the meeting of the Katherine Finchy Parent-Teacher Group, to be held in the school cafeteria Wednesday evening, February 15, at 7:30 p. m.

Mrs. Henry Tuttle, Group president, will conduct a short business meeting followed by the program.

This will include a solo by William Ekins, and singing by a male quartet, composed of Ekins, Henry Tuttle, Wayland Reynolds and Frank Hamerschlag. Marta Scott will present three pupils, Ardell Ford, Barbara Fineman and Mari Ann Williams, in a demonstration of Hawaiian dances. Then there

DOORMASTER OPENS

Touch a button on your dash, and the garage door opens automatically. Just imagine — never again having to slosh through rain or snow to raise your garage door. Press a button, the door opens and the lights go on.

DOORMASTER CLOSES

The same button closes, locks the door and turns the lights off as you back or drive out of your garage. Lights are synchronized with the door — when it opens, they go on. When it closes, they switch off.

DOORMASTER LOCKS

No fear of prowlers lurking in the shadows while you close the garage doors. Drive in, door closes and locks. Door may be operated by a push button located inside your garage or home.

This is the amazing new device which has excited nation wide comment. You can see why. Because of its adjustable friction drive, DOORMASTER is safe. (It is actually less dangerous than the uncontrolled momentum of a hand-operated door.)

DAR Party Celebrates Birthday

Palm Springs Cahulla Chapter, Daughters of the American Revolution is preparing to celebrate its eighth birthday at a party at Shadow Mountain Club next Thursday at 12:30 p.m. Regents and members of sister Chapters throughout Southern California District are expected to attend and every effort is being made to make this an outstanding affair. Each member has been appointed hostess to a group.

Mrs. Saul Ruskin, Regent of Cahulla Chapter, will conduct the meeting, which will be addressed by Mrs. George Armacost. The speaker is a well-known lecturer, chairman of the Women's National Association Love Gift to the Nation, president of the University Association Group of Baptists, and board member for procuring recruits for missionary work. She is the wife of Dr. Armacost, president of the University of Redlands.

Committees at work on arrangements for the Birthday Party include Mrs. Alex Hammond, assisted by Mrs. Lois Lux, music; Mrs. R. Harmon, Mrs. W. F. May, and Mrs. Ray Rodney Jones, decorations; Mrs. Harlan Bosler, program.

The gathering is open to guests and reservations should be made by calling Mrs. Bosler at 84208.

Dessert Tea on Valentine Day

The monthly meeting of the Gussie Fleishman Group will be held in the form of a dessert tea on Tuesday, February 14 at the Jewish Community Center, 332 West Alejo road, at 1 p.m.

The speaker of the day will be Dr. Charles Lapin, well-known endocrinologist who will speak on "Obesity". Mrs. Betty Friedberg, chairman, cordially invites all members and friends to attend.

Howard Haddock, local recreation director, went to San Diego Friday, to attend a four-day convention of the Southern California Recreation Society.

Pictures Series Starts Sunday at Adventists

A special series of moving pictures on the life of St. Paul will highlight Sunday evening meetings to be held at the Seventh-day Adventist Church, South Riverside Drive and Camino Real.

Commenting on these pictures, Pastor Grimstad of the Seventh-day Adventist church, said, "These films have been viewed by thousands all over the country and have received a great deal of praise from all. The life of St. Paul is extremely interesting and inspirational and we feel very fortunate to be able to bring these pictures to Palm Springs."

The Sunday night meetings will also feature special lectures of current interest from the Bible.

These lectures will be illustrated with the ultra modern Colorama black light board that is so popular today.

The first meeting will be held this Sunday at 7:30 p. m. All are welcome. There is no charge.

Lenten Service Schedule Set

"How Is Your Vision?" is the topic for Pastor LeRoy Hass' sermon at Our Savior's Lutheran Church service at the American Legion hall at 10:30 a. m. Sunday.

The sermon is based on the story of Jesus healing blind Bartimaeus. Lent begins Wednesday, February 15. Our Savior's will hold special Lenten services on Wednesday evenings at 7:30 p. m. in the American Legion Hall. The general theme of the Lenten meditations is "The Suffering Christ."

The entire series of sermons is based on Isaiah 53. The sermon for February 15, is entitled: "He was wounded for our transgressions." Both the Sunday services and the Lenten services are open to all.

The children of Our Savior's Church have formed a choir which meets twice monthly. All grade school children who attend Sunday School are eligible to sing in the choir. Miss Gail McGrew, who sings in the Palm Springs Community Chorus, is the director.

GRAND RAPIDS, Mich. — (UP) — A house crashed into two cars here. Police said the two-story frame house was being moved to a new location when it snapped its cable, rolled down a grade and hit two cars, "flattening" one of them.

Full Schedule of Events Set at Community

Rev. Dr. Graham Hunter and Rev. Dr. Wm. Campbell Kerr will conduct the service of worship Sunday at the Cathedral City Community Church. At 7:30 p. m. the evening "sing" is to be at the home of the Misses Tucker, 595 F. Street.

On Tuesday evening new and retiring officers of the church and their wives and husbands hold their annual pollack supper. Elders are Messrs. D. Veitch, Ludwig Graefe, E. M. Dering, Russell Hewitson, M. S. Thompson, Perry Williams, George Zentmyer, George Miller, Mmes. Edward Biles, Albert Luster and Marcia Hunter. Trustees are Paul Clark, Jack Chubb, Don Veitch, Bert Wade, E. M. Dering. Deacons are Mmes. Norman Wickland, Charlotte Stecher and Clifford Young.

The Junior Choir, led by Miss Mary Hoover, meets at 3:15 p. m. Wednesdays. On Thursday the "Five C's," the church's young adult organization, holds an ice-cream social at the new home of Mr. and Mrs. Berton Lamb, 383 Moonlight Drive, near Vista Drive.

On Friday at 2 p. m. the church invites the community to celebrate the World's Day of Prayer. Mrs. Paul Brown is in charge of the program.

On Saturday at 6:30 the youth council holds an "old-fashioned box social, at the town hall, and plans to auction off box suppers for two, and will welcome all friends who attend.

— All are invited —

Dr. Glen to Tell 'Why People Like People'

Dr. Irma Glen, minister of the Church of Religious Science of Palm Springs will speak on "Why People Like People" at church service Sunday at 10:45 a. m. in the El Paseo Theatre, 810 North Palm Canyon Drive. Dr. Glen also will play her own organ composition, "Meditation to St. Cecilia." St. Cecilia is the Patron Saint of Music.

Dr. Glen's address will be based on I John, 4:13. "Hereby know we that we dwell in Him and He in us, because He hath given us of His Spirit." The lesson will be an interpretation of the "Fatherhood of God" and the "Brotherhood of Man," and will explain why people are drawn together and how they can attract friends, and come to understand and live with fellow men.

Anthony J. Franchini, violinist, will play Fritz Kreisler's "The Old Refrain." Carolyn Henry, aged twelve, winner of a State Teachers' Association prize with her soprano voice, will sing "The Lord's Prayer." Carolyn is the daughter of Mr. and Mrs. Henry, residents of Rancho Mirage.

Mid-week services of the Church of Religious Science of Palm Springs are held at 8 p. m., Thursdays, in the Women's Club, 314 South Cahulla Road, corner of Baristo Road. Subject of Dr. Glen's address on Feb. 16 will be "Treatment" (Religious Science). Everyone is welcome to mid-week meetings as well as on Sunday.

Many A Slip

NEWINGTON, Conn. — (UP) — After driving 48 hours with a companion, Samuel Youlovsky had to serve their truck to avoid two other vehicles. It overturned, only five minutes from home.

God Seen as Soul, Science Sermon Lesson Declares

God, the source of all reality, is seen as Soul in Christian Science. The subject of the Lesson-Sermon in all Christian Science churches Sunday is "Soul."

The Golden Text from Leviticus (26:11, 12) keynote the theme, "I will set my tabernacle among you; and my soul shall not abhor you. And I will walk among you, and will be your God, and ye shall be my people."

The sermon is preached from the Holy Bible, and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. A passage from the latter reads, "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity or Truth, in its divine Principle" (p. 322).

This is correlated by a statement of the Apostle Paul to the Romans, "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit" (Rom. 8:5).

Three Services Set for Feb. 15

Three services have been announced for Ash Wednesday, February 15, at St. Paul's in the desert Episcopal Church, so that everyone will have an opportunity to attend a service the first day of Lent. Holy Communion will be celebrated at 8 a. m. and 10 a. m. The Litany and Penitential office will be read in the church at 7:30 p. m.

The Rector reminds the people that this Sunday is Boy Scout Sunday. Scouts in the congregation are encouraged to wear their uniforms, especially in the family service at 9:15 a. m. There will be Holy Communion at 8 a. m., morning prayer and sermon at 11 a. m.

THE PALM SPRINGS HOME OWNERS LEAGUE IS AN ORGANIZATION MADE UP OF RESIDENTS WHO ARE INTERESTED IN ALL CIVIC AFFAIRS AND ARE PARTICULARLY EAGER TO MAKE PALM SPRINGS A BETTER PLACE IN WHICH TO LIVE.

We have, in the past, supported most issues for civic betterment — such as the planting of Palm Trees on Palm Canyon Drive, the School Bond Issue, and we vigorously supported the campaign for additional airline service to Palm Springs — but we vigorously OPPOSED the establishment of the cement mill in this area. We also supported the increase in salary for local firemen and policemen, as well as the parking meters.

On February 14th — a most important issue is to be placed before the voting public. This bond election will greatly affect the taxpayers in this community. YOU, the home owners, will be faced with a tremendous tax increase if this bond election passes in its entirety.

It is our considered opinion that the home owners in Palm Springs are the FORGOTTEN PEOPLE in this proposed tremendous expenditure of tax money.

FOR YOU, THE HOME OWNER, WE SUBMIT THE FOLLOWING INFORMATION:

PROPOSITION NO. 1 — SEWERAGE SYSTEM EXPANSION — \$1,870,000.00. WE RECOMMEND A "NO" VOTE

We are not against the expansion of the sewerage system, but we are against the proposed layout and the manner in which it is planned. We believe the sewerage plant should be enlarged to accommodate our growing community — also certain trunk lines should be established — but we recommend further study be given this project and we further believe that each individual home owner should know exactly what it will cost HIM . . . not only the increase in taxes resulting from this first bond issue, but what service charge will be levied against him when and if the Revenue Bonds are successfully voted on next April. In addition, we believe the individual home owner should know what it will cost HIM to hook up his household plumbing to this system.

PROPOSITION NO. 2 — GOLF COURSE LAND ACQUISITION AND CONSTRUCTION — \$750,000.00. WE RECOMMEND A "NO" VOTE

We strongly urge a "NO" vote on this proposition. There are three golf courses in this area at the present time and another under construction close by. We believe there are many improvements sorely needed in this community which are far more important than the need for a municipal golf course. Upon careful investigation, we firmly believe it would operate at a deficit of approximately \$100,000.00 — with the result it would be a tremendous burden to the taxpayers. The \$100,000.00 deficit is based on the knowledge of what it costs to operate the present golf courses in this area.

PROPOSITION NO. 3 — DE MUTH PARK LAND ACQUISITION — \$125,000.00. WE RECOMMEND A "YES" VOTE

It is our opinion that this land should be acquired by the City for park purposes. It adds to the beauty of our community and offers outdoor relaxation to hundreds who visit our city. The present lease on this property expires in approximately one year. The cost is not prohibitive.

PROPOSITION NO. 4 — AIRPORT LAND ACQUISITION — \$400,000. WE RECOMMEND A "NO" VOTE

We strongly urge a "NO" vote on this proposition. The City has approximately 10 years to go on a lease of \$640 per year. The Indian Land situation should be solved long before the expiration of this lease, and it does not seem right and proper to vote a \$400,000.00 bond issue which will cost, in interest alone, \$12,000 to \$15,000 per year when the present lease at \$640 per year will not expire for ten years.

PROPOSITION NO. 5 — PALM TREES and LIGHTS ON SOUTH PALM CANYON DRIVE FROM RAMON ROAD TO INDIAN TRAIL, and STREET LIGHTS ON INDIAN AVENUE FROM RAMON ROAD TO TACHEVAH DRIVE — \$155,000.00. WE RECOMMEND A "YES" VOTE

We urge a "YES" vote on this proposition in the interest of continuing the beautification program of our community, and while we believe the street lights on Indian Avenue should be assessed against the property on which they are installed, the City as a whole will benefit safety-wise.

PROPOSITION NO. 6 — McCALLUM WAY STREET IMPROVEMENT — \$155,000.00. WE RECOMMEND A "YES" VOTE

We believe the opening and improvement of this road from Indian Avenue to the airport is a necessity to the development of the community.

PROPOSITION NO. 7 — TACHEVAH FLOOD CONTROL — \$100,000.00. WE RECOMMEND A "YES" VOTE

We believe it is important to combine with the Riverside County Flood Control District for the control of storm waters from Tachevah Canyon.

These recommendations are made in line with our policy advocating a BETTER PALM SPRINGS. We believe the most important things should come first and the least important at this time to the City of Palm Springs is the municipal golf course land acquisition and construction as well as the airport land acquisition. In considering the over-all tax program in Palm Springs, voters should consider that there has been recommended a salary increase for City employees, as well as a retirement and pension plan, **WHICH THIS ORGANIZATION WILL SUPPORT.** Also — it can be reasonably expected that other facilities in Riverside County are to be expanded resulting in a further increase in our tax rate.

We sincerely urge each citizen to thoroughly analyze these propositions and BE SURE TO VOTE.

Respectfully submitted

NEW YORK—Fearless Fraley's Facts and Figures:

Cleveland's Herb Score is faster than the Yankees' Bob Turley, according to Bill Grieve, who recently retired after 18 years as an American League umpire.

"The fastest man I ever saw was Lefty Grove," Grieve recalls, "but Bob Feller was the only pitcher who threw his curve just as quick as his fast ball."

GROVE is his all-time choice "because he was meaner," but I'd take Feller as my right-hand man. And Grieve insists that if Score comes up with a curve like Feller's he can be an all-time great.

THERE HAVE been many snide references to the defensive deficits of Furman's high-scoring Darrell Floyd but Coaches Ben Carnevale of Navy and Howard Cann of NYU assert that "no team in the country could afford to sit him on the bench."

"It's a scoring game today," says Cann. And Carnevale agreed that "everything is offense and nobody could pass up Floyd's shooting."

Bill Michael of the Dowagiac, Mich., Daily News is one of the inventors of a new type basketball game being tested in exhibition games throughout Michigan and Indiana. There is no foul shooting (hallelujah!) but players who transgress are slapped in a penalty box for 30 seconds on an unintentional foul and one minute for a flagrant foul. Never more than two in the sin bin and a 20-second possession limit keep it really soaring.

BASEBALL MEN are discussing a Hall of Fame road show. They're talking about putting an exhibit into a bus and hitting the minor league ball parks with the display to hype interest. They'll get a battle from Sid Keener, who slaves to get items of interest for Cooperstown and won't give up a nickel rocket without a real fight.

THE GARDEN STATE STAKES to be run March 15, at \$250,000 the world's richest horse race, has drawn 637 nominations. One man from Ohio sent in his check and nominating blank and then withdrew.

"Better forget the whole thing," he wrote. "I nominated a trotting horse."

At that kind of a payoff, you can't blame him. For that kind of scratch, you can put Eddie Arcaro on my back and I'll run.

Schmidt Starts Huskie Probe

SEATTLE—Victor O. Schmidt, commissioner of the Pacific Coast Conference, said today he would look into the football situation at the University of Washington.

Schmidt arrived here yesterday for a "routine" visit but later met with Washington coaches and said a recently disclosed fund used for the acknowledged purpose of transporting prospective football players to the campus would come under scrutiny.

Last night, the Seattle Times said about 20 Husky players last year received monthly checks from the so-called "Torchy Torrance" fund.

The paper said the system of payments fomented financial domestic and playing field trouble during the past season.

Members of the 1955 Husky varsity and freshmen squads said "imported" players, mostly from Southern California, were rewarded more richly from the fund than Seattle-area players, according to the newspaper.

Meanwhile, the "help wanted" sign was out for a new coach to replace Johnny Cherbog who was fired Jan. 21 as the aftermath of a so-called player "rebellion."

Indians Down Elsinore High 66 to 58

Local Quintet Wins Tenth Game in Row

Increase Lead in RCL Basketball Race Full Game

By DAVID FISHER

Despite questionable refereeing and a determined effort by the Elsinore quintet, the Palm Springs Indians last night managed to hold on to their Riverside County League first place position, winning their tenth straight game 66-58 over a scrappy Tiger squad.

The pint-sized Elsinore gym seemed to hurt Palm Springs very little as the Indians kept up their 66 points a game average, to offer a better offensive showing than expected. The Tigers, unlike Banning and San Jacinto, did not falter in the second half and looked like a much better ball club than their sixth place spot shows.

THE WIN LAST NIGHT coupled with Banning's defeat of San Jacinto, moved Ralph Watt's cagers 2 and a half games out front in the Indians' quest of their first R.C.L. basketball title. With just three contests left for Palm Springs it would take a real blowup to lose the championship now.

The local attack was again sparked by Mickey Pellum and Charles Jordan, the high scoring Indian one-two punch. Pellum, hitting on driving layups and free throws, took home game scoring honors with 25, while teammate Jordan dumped in 22 to boost his season's output to 291.

PALM SPRINGS appeared weak in their backboard play last night. Accounting for this was Elsinore jumbo center, Josea Love, who, while scoring 10 points, played a tremendous defensive game, deflecting passes and pouncing on loose balls to be a real thorn in the Indians' side.

First half play was extremely rough with very few fouls being called. However, an intermission protest by Coach Watt remedied the situation somewhat and from then on the whistle tooters began to call them a lot closer.

THE REDMEN were out-scored in the second and fourth periods, but managed to build up a large enough opening period lead to carry them through.

At the first quarter's end Palm Springs led 20-8 with Skip Martin, Jordan, and Pellum doing the scoring. The Indians faltered in the second period when no other warrior but Jordan was able to rack them up. The half time score had the local hoopers on top 28-18.

IN THE SECOND HALF Pellum really went wild, accounting for 18 of his 25 markers. The remainder of the Palm Springs showing wasn't as strong, but the Indians still came away with a 66-58 victory. Elsinore was hurt badly in the closing minutes of the tilt, when three first stringers, Love, Roberts, and Goffman, fouled out.

In the preliminary game the Palm Springs B team didn't fare as well as the Varsity, losing 53-34. The Elsinore five, nesting in second place now, looked like the best team the locals faced all year, as they ran over the Paposes.

On Tuesday night the Indians travel to Beaumont to meet the dangerous Cougars and on Friday night the Palm Springs play their last home game of the season, as the Hemet Bulldogs invade the local gym.

RALPH KINER, who last year retired from major league baseball as an active player to take over the general management of the San Diego Padres, announced that the Padres will play in Palm Springs starting the middle of next month. Cleveland Indians-Padres games March 24 and 25 will highlight the training season here. (Desert Sun Photo)

Padres to Open Training Camp Here on March 12

The San Diego Padres baseball team will move to the Village March 12, stay en masse at Palm Springs Pueblo, and play a 25-game training schedule, from March 15 to April 8, according to an announcement by general manager Ralph Kiner and business manager John Gough.

Kiner said 13 of the games will be played at the Polo Grounds. Game time will be 1:30.

TICKET SALES for the games will be handled by the Junior Chamber of Commerce, according to its president, Herb Esbitt.

Esbitt said Don Bottorff, of the Jaycees, will be in charge of the sales. Bottorff has arranged for a book of six tickets to be sold for the price of five tickets sold at the gate.

It was also announced that all children younger than 16, if accompanied by adults, will be admitted free. That arrangement was made through the generosity of the San Diego management.

THE PADRES will replace the Seattle Rainiers, who until this year have trained in Palm Springs. Kiner, who lives with his wife and family at Thunderbird Country Club, made the arrangements with City Manager Robert W. Peterson. Pueblo accommodations were arranged by Kiner and Gough with owner Doran May.

The ex-National League batting champion said more than half the first-string players will be in the line-up. He added that he was unable at this time to announce the starting line-up.

THE HIGHLIGHT will be two games against Kiner's alma mater, the Cleveland Indians.

Old-Timers Meet Trouble in Fifth Annual Tournament

The fifth annual Shadow Mountain Club Invitational Tennis Tournament entered its second round today with only two "old-timers" surviving from Friday's opening bombardments.

Tom Brown of San Francisco and Noel Brown of Los Angeles must defend the honor of the veterans. Things went as scheduled in women's play.

Men's survivors include six collegiate competitors. They are Alex Olmedo, Pancho Contreras and Earl Baumgardner of the University of Southern California and Mike Green, Johnny Lesch and Mike Franks of UCLA.

Green scored Friday's top upset with a 6-4, 6-3 triumph over second-seeded Clyde Hippensteel of San Bernardino.

In women's singles, Darlene Hard of Montebello whipped Mrs. Dorothy Cheney of Santa Monica, 2-6, 6-1, 6-1. Beverly Baker Fleitz defeated Julia Copeland 6-3, 6-3; Mrs. Nancy Kiner defeated Sally Moore 6-1, 6-2; Mimi Arnold defeated Lorna Raymond 6-0, 6-2.

Bruins Trim Stanford to Hold PCC Basketball Lead

By JAMES C. O'NEILL
United Press Sports Writer

The UCLA Bruins won the bravest last night for downing their closest Pacific Coast Conference basketball rival, Stanford, 50-48, while the hero of the Hilltop—USF—lost its audience appeal in an easy 79-46 win over Fresno State.

For the Bruins it was their seventh straight PCC victory of the season and the 18th consecutive PCC triumph over a two-year period.

The Dons moved smoothly, almost effortlessly, to their 44th uninterrupted victory. But the 4500 fans in Kezar Pavilion began drifting out shortly after the second half until only 1500, mostly

USF students, were left at the final gun.

Elsewhere in the PCC, Southern California, profiting by Stanford's loss, blasted Washington State 76-55 and moved into second place, 7-2. The Trojans led 22-8 early in the first period and the Cougars never threatened seriously, although Cougar forward Larry Beck took high point honors with 19.

California (5-2) downed the luckless Idaho Vandals (1-8) on their home court, 54-44, with the Bears taking full command early in the second half. Washington's big Bruno Boin turned a close contest in a rout in the second half, scoring 17 points to give Huskies a 68-50 win over Oregon.

"BLOW OUT PATCH FOR A ZEBRA"

THIS BLOWOUT PATCH is the

latest invention from the Schwein-Kitzenger Institute's "Better Living" Laboratory, a Non-Profit Organization devoted to public service. Unfortunately, it isn't supposed to be Non-Profit and Schwein and Kitzenger have been working night and day turning out needed commercial products such as "Vitamin Enriched Fly Paper", "Indoor Weather Vanes" and "Formica Shoe-Lace (in either Walnut or Bleached Mahogany)". And in the planning stage are "Inner-spring Morgue Slabs" and "One Way Boomerangs". With exclusive items such as these I'm sure that orders will soon start pouring in and the Institute will become a Nea-Non-Profit Organization.

Hidden Springs Ranch

REVOLUTIONARY NEW TYPE DEVELOPMENT
 1000 Palms — 12 minute drive. TV
 The Standard University Plan brought to the desert.
 For retired couples, weekend cottages and Mobile Home Owners.
 Why tie up capital in costly land when you can lease for 99 years, safely — virtual ownership — use capital to build. Big lots, 75x114, water, utilities, trees, nice controlled community for only \$84 year. Another original idea by the creator and original owner of famed Smoke Tree Ranch — and the same high standards. New tax-saving concept.

Mobile home owners can save the cost of minimum restrictions — 480 square feet out of park rents in 6 years, have a sense of "residence," peace, privacy, a home for possessions and summer storage. Adult development, no children, good television reception here, swimming pool next year, recreation facilities later, plans and transfers must be approved to insure the character of this original concept.

Drive out Ramon Road and see cement block homes being built at only \$3975. Living room, fireplace, bath, kitchen, carport and septic all complete. With bedroom, 600 square feet, \$4675. Charles Doyle, owner and developer.

SAM SEZ:

A SMART Palm Springs businesswoman bought from us that 6 1/2 acres on the Hiway near Thunderbird Golf Club for \$35,000. Never again will you buy 6 1/2 acres on the highway between Palm Springs and Palm Desert for that price! However, you can double your money in a few years on some of the following:

1.—160 acres, part mountain-part level, adjoining Cathedral City. Make offer.
 2.—Two - 2 1/2 acre parcels — utilities and street. Near Cathedral City. \$4250 each. Terms. \$1250 down, \$30 month including interest. The last two left at this price. (O.K. for horses.)
 3.—R-3 lots. Cathedral City area 105x130 on paved street. Few left at \$1225 each. Terms. \$200 down, \$30 month including interest. Better hurry—or you sleepers will miss out again. —the next tract lots will be higher!
 4.—R-3 lot, paved street, 100'x200'. Price \$4000, \$2000 down, balance on your terms.
 5.—2 1/2 acre business lot on Date Palm Drive, \$10,750, \$2500 down.
 6.—Acre and 2 bedroom furnished home and guest house. \$27,500. Wonder Palms area.
 7.—2 bedroom pumice block home, partly furnished, fireplace, 1 1/2 baths, dishwasher. Children's pool, barbecue pit. Nicely landscaped. Good neighborhood, walking distance to shops. \$12,000, \$3500 down.
 8.—PALM SPRINGS LUXURY HOME. \$46,500 — 3 bedrooms, 3 baths. Heated pool. G-E and York refrigerated cooling. Forced air heating, fine landscaping. El Mirador Park Estates. Let us show you!
 9.—30'x40' aerial views, on Masonite for your office or lobby. Only \$17,500. We have 120 views of the Palm Springs to India area including subdivisions, acreage, hotels, towns. (Agents for Kelley-Holliday Company.)

Home with a View

It's in Little Tuscany, of course. The sliding glass doors from the master bedroom lead to a private patio, the living room glass doors lead to another to take full advantage of the view. A flagstone fireplace spills out into the L shaped living room and dining area. This two bedroom, two bath home is designer built. There are walled, landscaped gardens just beyond the glass walls of the baths and marble (well, maybe not real marble) shower walls and the same "marble" is used for the free form pullman sink. This is a Little Tuscany home you can afford.
 \$32,500 UNFURNISHED

Income Property

Four Unit Income property, on a corner. The lot is big enough to expand the building. Each apartment has a private patio, the shrubbery and landscaping are complete, even has a sprinkler system. The units are all rented — The price is \$42,500, furnished

HOME WITH A VIEW

It's in Little Tuscany, of course. The sliding glass doors from the master bedroom lead to a private patio, the living room glass doors lead to another to take full advantage of the view. A flagstone fireplace spills out into the L shaped living room and dining area. This two bedroom, two bath home is designer built. There are walled, landscaped gardens just beyond the glass walls of the baths and marble (well, maybe not real marble) shower walls and the same "marble" is used for the free form pullman sink. This is a Little Tuscany home you can afford.
 \$32,500 UNFURNISHED

Income Property

Four Unit Income property, on a corner. The lot is big enough to expand the building. Each apartment has a private patio, the shrubbery and landscaping are complete, even has a sprinkler system. The units are all rented — The price is \$42,500, furnished

Ike Getting Medical Test Series Today

Enters Walter Reed For First Check Before 'Run' Verdict

WASHINGTON (AP) — The White House announced today that President Eisenhower will go to the Army's Walter Reed Medical Center this afternoon for a series of medical tests.

The tests will be used by the President's physicians next week to determine how well he has recovered from his Sept. 24 heart attack.

THEIR EXAMINATION and report are expected to have an important bearing on the President's second term decision.

Mr. Eisenhower has announced he expects to have the information he needs to make his big political decision before the end of the month.

WHITE HOUSE Press Secretary James C. Hagerly said he will have "absolutely nothing" on any of the results of the tests until the President's four doctors conclude their consultations on Tuesday.

Today's examination will include X-ray, fluoroscopic, blood chemistry test, cardiogram and possibly other tests.

BILLY DANIELS, "Mr. Old Black Magic," will return to delight Village fans in the Starlite Room of Irwin Schuman's Chi Chi Sunday night. With him will be Benny Payne, and as an added attraction as accompanist will be Ruby of the Dunes and his violin. Others on the all-star bill are Bud and Cece Robinson, America's dancing favorites, and Stan Kramer and Co., television's foremost puppeteers.

Mayor Appeals for 'Yes' Vote

Palm Springs' Mayor Florian Boyd today appealed for a "yes" vote on all seven of the propositions in Tuesday's civic improvement bond election.

"This is a long-range program of needed improvements," he said. "We are asking the voters for authority now to proceed with these improvements as they become feasible. Without this authority, the progress of the City may be seriously impeded for years."

Boyd said general obligation bonds to cover the improvements will be issued only when each project is ready. He explained, "The tax rate will increase gradually as each project is started—but the increase will be proportionately offset by the annual increase in the City's assessed valuations and increases in the number of taxpayers."

Blood Bank Response Good But Need More

"The need for blood is still great, although villagers responded generously during the last two monthly visits of the Riverside-San Bernardino two-county Blood Bank."

This was the appeal of Robert Henwood, Desert Hospital administrator, today as he reminded residents that the next Blood Bank visit at the hospital would be Monday, from 11 a. m. to 1 p. m.

Emergencies and normal needs require a large amount of blood at the local hospital, Henwood explained, and added that the quota of 25 pints must be reached to return this blood to the bank headquarters.

He urged groups to establish a private blood bank of their own, which may be drawn upon by members of their organization at any time, and in any amount without worry as to repayment.

Individuals also may establish a family blood bank, he added.

Persons wishing to donate blood Monday are asked to call the Desert Hospital, 2251, for reservations.

Abbott Moved to Death Row

OAKLAND (AP)—Burton W. Abbott was transferred today to San Quentin Prison's "death row" following formal sentencing to the gas chamber for the kidnap-murder of 14-year-old Stephanie Bryan.

Int the courtroom, heavily guarded because of an anonymous bomb threat against the judge, Abbott's attorneys pleaded unsuccessfully for a new trial. The death sentence automatically is appealed to the state Supreme Court by California law.

Sound and Jared to Address Club

Judge D. S. Sound, candidate for Congress, and Malcolm Jared, candidate for the Assembly, will be speakers at the meeting of the Palm Springs Democratic Club at 8 p.m., Tuesday, in the American Legion hall.

The group will decide at the session how to instruct delegates to the County Council nominating convention in early March.

East German Reds Brush Off Allied Protest

BERLIN (AP) — The East German Communists today brushed off a Western allied protest against the formation of civilian armed groups in East Berlin.

U. S., British and French protest notes, delivered last night, warned the Soviets they would be held responsible for any attack on West Berlin by the armed gangs of Red workers and youths.

A statement broadcast by the East German Radio today said the so-called "fighting groups" were formed "to protect the German Democratic Republic and its achievements."

The Communist Radio claimed the Western Big Three protests to the Russians were designed "to divert attention from remilitarization in West Germany."

More Workers Needed for Village Census

Additional enumerators and clerks are needed for the special census to be conducted in the Village on February 15, City Manager R. W. Peterson reported today.

Only five persons have applied to date, and 15 are needed by next Wednesday, when applicants will be interviewed.

Persons accepted will be paid six cents per recorded name.

The census was requested by city council last Fall, to be conducted at this time when a majority of residents are present in the Village. Population as set by a special census in 1952 was 10,381 and it is believed that a new census will raise this to between 13,000 and 15,000.

Questions to be asked at this time include the total population by sex, race and age; the number of occupied dwelling units and the number of non-residents and tourists.

The detailed questions will determine not only the number of permanent residents, but provide an accurate count of persons who spend a large amount of time here but who maintain legal residence elsewhere.

Haddock to Attend

City Recreation Director Howard Haddock will leave here Sunday to attend the eighth annual California State Recreation Conference Feb. 12 through 15 at Balboa Park in San Diego.

Theme of the conference will be "Why Recreation?" More than 1000 recreation personnel from California, Arizona and Nevada will be in attendance.

Senate Votes Plane Sabotage Death Penalty

WASHINGTON (AP) — The Senate passed and sent to the House yesterday a bill to impose stiff new penalties, including death, on anyone who ignites or blows up airplanes.

The legislation grew out of the dynamiting of a United Airlines plane in which 44 persons died near Longmont, Colo., on Nov. 1, 1955.

The measure provides that any person who willfully damages or destroys an airplane shall be subject to fines up to \$10,000, a maximum of 20 years in prison, or both.

If the crime results in a death, the guilty person will be subject to the death penalty or life imprisonment. At the present time, the maximum penalty for destruction of an aircraft is only 10 years in jail.

Four Policemen Fired for Looting with Police Cars

SANTA ANA (AP) — The district attorney's office today studied possible action against four Santa Ana policemen charged with burglarizing business establishments and carrying off the loot in police cars.

Police Chief Edward J. Allen said Sgts. Robert Clave and Richard Hill were suspended while patrolmen Leroy Walters and Dallas Reichstein resigned. The police chief, who took over the department in May, said the two-week inquiry showed the burglaries dated back to 1952.

From Page 1—MORE ABOUT BONDS

land, \$400,000; installation of palm trees and lights on South Palm Canyon Drive from Ramon Road to Indian Trail, and street lights on Indian Avenue from Ramon Road to Tachevah Drive, \$155,000; development of McCallum Way, \$155,000; Tachevah flood control, \$100,000.

BONDS WILL NOT be sold for any proposals until they can be started and completed. This will vary the anticipated tax increase, which if all items went into effect immediately would be 14 per cent of the total tax bill now paid by Palm Springs residents. This is an impossibility as some of the proposals cannot be started for at least a year, and the tax increase will be less.

Palm Springs now has an assessed valuation of \$38,118,170, and a total bonding capacity of 15 per cent for the city, which makes possible a total bonding indebtedness of \$5,748,000. Current outstanding bonds are \$650,000.

250 Due at Reunion in Tamarisk Sunday

Two hundred and fifty residents and former residents of Bremerton and Kitsap County, Washington, will meet at noon Sunday at Tamarisk Park for their fourth annual reunion in the desert area.

Members of the picnic committee are R. B. "Rudy" Campbell, chairman; Charles White and C. Jack Jones.

Among those expected to attend are Mayor and Mrs. H. O. "Whitey" Domstad of Bremerton.

VOTE YES!

PROPOSITION 6

PAVING McCALLUM WAY

FOR THE FOLLOWING REASONS:

YES PROPOSITION 6

(1) There will be no ultimate cost to the taxpayers. The paving of McCallum Way will pay for itself many times over by the city collecting taxes on all improvements built along McCallum Way.

(2) The improvement of McCallum Way is absolutely essential to the orderly and continuous growth of Palm Springs.

(3) The opening of McCallum Way will greatly relieve the acute traffic congestion on our main streets, benefiting our business establishments, our citizens and our many visitors.

(4) Every city planner familiar with Palm Springs has recommended the opening and paving of McCallum Way.

We urge you to go to the polls and vote YES on Proposition 6 for the benefit of our community.
